USPA NEWS - ???? Can i ask, Is it true what Imran Khan said through his tweet from prison..?

There is no martial law in Pakistan at the moment, but "Asim Law" is in force."

Asim Munir's law is running in the country and the ISI is protecting him. What gives Asim Munir power becomes the law of this country. Asim Munir will sacrifice everything in the country for his power. This army chief is defaming the army, just like Yahya Khan did.

At present, the Senate, the National Assembly, the Prime Minister and the President are all illegal. Our seats were reduced by creating a fake constitutional court - which has never happened in history that the seats of one party were given to someone else. Those constitutional courts where justice should be done, today Asim Munir has installed his personal servants there. Sikandar Sultan Raja committed a historic election fraud, and this fraud was protected by extending it. The judge of the Islamabad High Court has not been hearing my appeals for seven months, because he is also getting instructions from Asim Munir. At present, Asim Munir has the law in the country, as if Pakistan were his personal property.

The judiciary, institutions and democracy in the country have been systematically destroyed. Military courts have been declared legal, and this move is actually a lack of confidence on the part of the judiciary in itself. An attempt is being made to break me by using my wife Bushra Bibi as a weapon, but let me make this clear: I will die, but I will never accept the monarchy of Asim Munir. This is an occupation group, which has forcibly occupied the country.

At present, the "Dako, Duffer Alliance" is completely in control in Pakistan. The 26th Amendment has completely abolished the autonomy of judges. There are no time limits for judges' orders, even a policeman flouts the judge's orders. Today, during the proceedings, the judge ordered my family, who were waiting outside at the gate, to be called in and even stopped the proceedings several times, but my family was not brought in. This means that the judge's orders have no value even in the eyes of the policeman. Our justice system has been completely buried.

A country is destroyed when an incompetent person is put in charge.

Asim Munir Malik and Mohsin Naqvi have taken over cricket - what is their qualification? Today, our Test team has reached the ninth position because of Mohsin Naqvi. When such incompetent people are appointed, the same will happen to every sector including sports. A country is destroyed when incompetent people are placed in important positions. It is very dangerous to impose someone on institutions without any qualification just by force.

The torture on me has been greatly increased. I am kept in solitary confinement in a cell for 22 hours, books are not being given, neither newspapers are being given nor is I allowed to watch TV to keep me informed about the current situation. This is not only a local but also a worst violation of international human rights. Today, after 3 hours, only one book has been provided to me on the judge's order. While my family has sent at least 2 dozen books in the last 1.5 months. Since the arrival of Jail Superintendent Ghafoor Anjum, the torture on me has been greatly increased. All this torture is being done under his leadership.

We want peace in Pakistan. We should show full solidarity with whoever is standing for peace and marching for peace in Pakistan right now.

It has been seven months today, I have not been allowed to talk to my children. It is their right to go to court, and I myself have told my sons to approach the International Court of Justice on the basis of human rights. They are not asking anyone in America for help, they are only raising their voice for their rights. Even when President Trump's government came, I had said that Pakistan's decisions will be made in Pakistan.

We knocked on all the doors, but no one listened. I had only asked for talks once, that too with the demand of the commission of

November 26 and May 9. Asim Munir is behind the firing on the innocent people on November 26. I am making it clear again today that there is no room for talks now, because this group has taken over the entire system.

I urge Barrister Gohar, Salman Akram Raja, Ali Amin Gandapur and Junaid Akbar to run the movement vigorously. The aim of the movement should be the system of justice, the rule of law and the protection of the constitution. If we do not raise our voice on the streets, this occupying group will gradually destroy the parliamentary party. I am standing, so you will also have to stand.

Our struggle is our right, because 80 percent of the people of Pakistan are with me. I know that 90 percent of the rigging took place after the polling and between the results. I tried for two years for the electronic voting machine, if there was EVM on February 8, the game would have ended there. Even today I say, if transparency is wanted in elections, then the EVM system should be brought, rigging will end forever."
